Matchless Sanative!

I transmit by the following information given to me by Dr. R. Ward, of Boston, that the new article of MATCHLESS SANATIVE is indeed what it professes to be—an efficient and valuable medicine, worthy the serious attention of every consumptive person.

MATCHLESS SANATIVE.

David S. Rawlins, the General American agent for Matchless Sanative, having great pleasure in publishing the following highly important letter from a respectable gentleman in New York, who has recently received many others of similar character—also, very interesting intelligence from several physicians, especially from Salines, will be seen below—which, together with the annexed certificate from three eminent German physicians, must ever establish the character of the Sanative, as being without a parallel in the history of medicine.

The unqualified reception without which it is not speakable, more than commends its favor. Already has its established agents in America, in a short period of three months, sold and distributed responsible names as agents, in cases where it was not known to them from whence the Medicine appears to be working similar cures in America, before which have astonished Europe.

SEVEN HUNDRED AND TWENTY-ONE (721) (mostly Postmasters) who have voluntarily applied for agencies from different sections of the country, or else highly forwarded responsible names as agents, in cases where it was not known to them from whence the Medicine appears to be working similar cures in America, before which have astonished Europe.

The General Agent at Boston, will gratefully thank any Postmaster who cannot act as agent, if he will have the goodness to let him know the name of some respectable Storeshopper, in order that so much easier and more conveniently he may be enabled to sell the Sanative, in every town throughout the country.
